Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Installation of Microturbines at the Huntington Sewer District in fiscal year 2024. The entity to receive funding for this project is the Town of Huntington located at 100 Main Street, Huntington, NY 11743. The funding would be used for installing microturbines at the wastewater treatment plant to convert methane gas into heat to be used. The project is an appropriate use of taxpayer funds because this creates renewable energy from a waste product and decreases the electricity use of the plant and would offset energy costs.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
